

**M A P**  
 showing the  
 countries  
 of the  
 Great Valley,  
 from Virgulend  
 up to Mirdul.

The countries which  
 occupy the floor of the  
 Great Valley all  
 (except for Joth)  
 have also an 'upland'  
 component up above  
 the Great Valley  
 shoulders stretching  
 up to the crestlines.  
 In most instances, these  
 lands are poor, rock-strewn  
 'badlands' unsuitable for  
 very much at all..

The 'base' country is  
 solidly coloured and  
 their associated 'upland'  
 components are shown  
 with the matching  
 colour, but in  
 'candy stripes'.
